

Tuesday 23<sup>rd</sup> February English Task

Making Inferences and Predictions

At the weekend, Miss Strachan found a bottle on the beach when she was out for a walk. You are going to use the image below of the bottle to make inferences and predictions.

**What is inference?**

An inference is any step in logic that allows someone to reach a conclusion based on evidence or reasoning.

**Task: Look at the image of the bottle and think carefully. Answer the questions below. Remember to use your imagination.**

1. Who sent the bottle?

---

---

2. Why did they send it?

---

---

3. Where has it come from?

---

---

4. What do you think the note might say?

---

---

---

---
