

Lily's Walk

for the Torch!

Lily, aged 6, has decided to give up some of her summer holidays this year to raise much needed funds in aid of the Torch Centre - a Hexham venue which is used as a base for several community groups, a fantastic accessible venue for parties, and a safe haven for people who need support, to come and socialise. There is nowhere else like it, and it is under threat due to lack of funds.

Lily wants to save the Torch Centre for the people that need it! Her little legs will take her 5.2 miles around Derwent Reservoir on a sponsored walk - that's all the way around the reservoir!

The Torch Centre means so much to the people that use it. We would be very grateful for any help you could give us.
