

Tuesday 12<sup>th</sup> January English Task

Comprehension Task: Word Classes

Today we are going to read the first few pages of The Sandman and the Turtles. I have included the pages needed as a PDF.

**Task 1:** Read the pages provided to introduce yourself to the story. You can read this independently or a grow up or sibling may help you.

**Task 2:** This task is to practice reading comprehension skills. You will need to skim read the text and find examples of different word classes (noun, verb and adjective) Remember we worked on adjectives in SPAG last week!

If working on paper, you could write a list of any examples of words you find in a table. For example,

Verbs	Nouns	Adjectives
clean	eggs	warm

Remember:

Nouns are naming words, they name places, things, or people.

Adjectives are describing words.

Verbs are action or doing words.

There are videos available on BBC bitesize of the word classes to help if needed.
