

Friday 26th February English Task

Message in a Bottle

Today I would like you to pretend you are on the desert island you described yesterday.

Task: Write your own message in a bottle to get help! Friday is normally our handwriting practice, can you write your message in neat, joined handwriting? Remember, little letters are half the line, and our ascenders stretch tall, almost to the top line. Take care with joins, we should not join our descenders.
